For without fully accepting Champ-

at the young man's utterance of them.  
He had scrupulously respected the  
wishes of Miss Sally and had faithfully  
—although never hopelessly—held back  
any expression of his own love since  
their conversation in the cemetery.  
But while his native truthfulness and  
sense of honor had overlooked the  
seeming insincerity of her attitude to-  
wards Champney, he had never just-  
ified his own tacit participation in

"You're a good fellow, Champney," said Courtland, laying his hand on the young man's shoulder with a sudden impulse, "and I forgive you for overlooking the fact that I could help them."

"I wouldn't trust too much to some of dem niggers standing together, sah," said Cato, darkly. "Dey'd run before de old masters—if dey didn't run to 'em. Ahuah!"

A fear of this kind had crossed Courtland's mind before, but he made no present comment. "I found two of the army rifles in the men's cabins yesterday," he resumed quietly. "I don't think that

"The shark is the oldest type of fish,"  
said the country school teacher. "Not  
older than the sucker, I guess," remarked  
the boy whose father had signed a lightning  
rod contract that afterwards turned out to  
be a promissory note.

The wind blew a gale on Tuesday night  
and much damage was done in many parts  
of the province. At Castleton several build-  
ings were wrecked. In this district fences  
were levelled and trees blown down in many  
places. In Deseronto little or no damage

men who loiter before churches, notably

Some insurance companies refuse to in-  
sure property in Trenton, as it is gaining  
an unsavory reputation for incendiary  
fires. It is alleged that the few authori-  
ties do not act with sufficient vigor to re-  
press the criminals who engage in this  
infernal practice.

The blue book of annual railroad statistics  
for the Dominion of Canada shows that the  
total number of miles of track completed to  
the end of June last was 141,870;  
the total earnings were \$21,536,363; work-  
ing expenses, \$6,488,228; net earnings \$15,

undertaken to procure a cheese to be sent  
to the World's Fair, which will be larger

diameter and 8 feet in height. Mr. De-

During the last twenty years the area of  
and in England under the plough has  
diminished by nearly 2,000,000 acres,  
—over 14 per cent. The amount of arable  
land in Wales has diminished 21 per cent.  
in the same period. In Scotland, on the  
other hand, it has increased by 75,000 acres.  
The difference is partly explained by the  
relatively large areas of land in Scotland  
situated upon clear and unimproved grass-  
land, more than one-third of the whole culti-  
vated area. In England the proportion of culti-  
vated land so occupied is a little more than  
one-tenth of the whole.

of the Church of the Resurrection have arranged  
for a grand concert to be held in the  
Deseronto Opera House, on the evening of

in another column will show that they have  
secured the services of a splendid array of  
musical talent, so that a rich musical treat  
may be expected. The tickets are at  
popular prices, viz. 25 cents to any part of  
the house. Already there is a brisk demand  
for tickets and a great success is predicted.  
The ladies appeal to the public for a gener-  
ous patronage.

residence on East Dundas street. Mr. S.  
Bell is putting up a frame house on Thomas  
street. Other operations in the same line

## A Large Lot of Logs.

Peter Watt, writing to a Kingston news-  
paper from Renfrew, says: "A few days  
ago the largest count of logs ever hauled by  
man in this country was taken down from  
Donald Dewar's camp at Wabunapit, for  
T. P. & Co. The bunks were 14 feet  
long, and the load 10 feet high. It was  
loaded by T. Dunne, of Douglas, J. Johnson,  
A. Doonan and E. Elliott, and photographed  
by A. J. May, of Toronto, who said it was  
the largest load he ever saw. They loaded  
121 logs, and having the highest record was

## THE NEED FOR REFORM.

Since then the matter has received much attention at the hands of the public, the press, municipal bodies and the jurors themselves.

Foremost in the rank of those advocating abrogation has been Senator Gowan. His vast learning as a criminal Jurist, his acknowledged success in the reform

regard the secret and unexplained proceedings of the Grand Jury as anything but a clearing of his character, whereas if he had stood his trial in open Court and been honorably acquitted, no malicious busy-body could go about insinuating that he had got off by what is familiarly termed a "fluke." On this

Surely a complete case for abrogation has been made out. It will now be in order to deal with the question of a substitute. We find that referred to very often by Mr. Kain throughout his work. Under the caption of "A Public

EDWARD A. CRISSE.

Wisdom of Socrates.

'The first, and perhaps the most illustrious in the list of martyrs, was Socrates. He opened men's eyes to the salutary mode of life, and to the duties of Delphi, 'Know thyself.' The glory of men,' he said, 'was the development of his moral faculties.' He championed justice; he made wisdom beautiful; he exalted temperance and courage; he put the gods in the place of the gods of the new God, and inculcated a purer morality. For this he was thrown into prison at the age of 70 and compelled to drink poison. But his martyrdom proved a fountain for the cause of philosophy; it was the source of the 'wisdom of the ancients of light.'—M. M. MARGUERITE.

the neglect will no longer be unconscious or unintentional. The happy, prosperous and healthy numbers of society will be compelled to know the facts, to know the causes of disease and death, to know how they may be prevented, and choose whether they will or will not apply remedies. Then the difference between the intentional production of disease and the intentional neglect of that which causes disease will be the only difference, the consciousness of those who allow process to go on.—Christian Register

### KINGSFORD.

*From Our Own Correspondent.*

Messrs. Arthur McCullough and John Frizell started for Watertown, N. Y., on Wednesday morning. We wish them all success.

Mr. Will Sampson is staying at his father's.

Miss Rachel Doyle is visiting her brother, Mr. Jas. Doyle, Jr., of Bath.

Mrs. J. H. McHenry went to Stirling on Thursday to visit her nephew, Mr. John Laferriere, who is in a critical condition from the effects of a fall in the knee received while chopping in the woods.

We are sorry to learn that Mrs. Jonas Doyle is quite poorly. Dr. Holdcroft, of Deseronto, is in attendance.

Mr. McLevey, of Cordington, has been visiting at his father's, Mr. Wm. McCullough.

The committee on repairs of St. Jude's church propose having the church pointed immediately, the repairs being a careful of appearance which they have lacked for a long while.

The willow marsh on the boundary has been impassable for some weeks. The drain which was dug last year to drain the marsh, the road did not fulfil the expectations of those who supported the making of it, and the marsh is annually flooded.

### SOLMESVILLE.

*From Our Own Correspondent.*

The farmers are beginning to get out their farming implements and implements so as to have them thoroughly overhauled for seeding.

Mr. Samuel Spencer has finished sawing at Northport and is busy sawing wood.

Mr. Thompson is not improving as fast as his friends would wish.

Mrs. Jack Easter continues very ill at times.

The ice is slowly making its way down the bay. We all hope the boat will soon pass up and down on their daily trips.

The ferry boat commenced running Tuesday, April 4th.

### JAPANESE ROAD.

*From Our Own Correspondent.*

The roads are taking up fast although they are terribly rough.

Farmers are driving advantage of these calm mornings and are busy sowing grass seed.

Mr. Robert Dowling is fattening fourteen head of cattle. That pays better than selling grain at low prices.

Mr. Robert Kunkel is the new caretaker at the Deseronto cemetery.

Farmers are kept busy day and night in their sugar bushes to keep up with their work.

Mr. Alex Henry, who has been stopping with his family at the hotel, is leaving on Tuesday night.

Men and boys can be seen all along the river with spears and guns looking after the scarce little hony tribe; but there is no use, the fishermen have caught them long ago.

### ALBERT.

*Too Late For Last Week.*

Many readers of THE TRIBUNE are well aware of the kinds of roads we have north of Salmon river. There is a piece of road about fifty rods in length, known as the Willow Marsh, lying between the two townships of Richmond and Tyndinagosa. At present this road is impassable, and the people who live on the Willow Marsh have to travel four or five miles around, whereas if this piece of road was passable the people who live on the Willow Marsh would be able to travel directly to the mill, and there is about three feet of water over the road and it looks like a little lake. The water lies there until the middle of May or the first of June and then it dries up with the heat of the sun. Some of our big township guys say we have spent some \$300 or \$400 in draining this piece of road. At present the farmers of Tyndinagosa know it as they had to pay the shot just the same though they received no benefit. The people of Tyndinagosa are now paying cash down for their great legislative council; it is no longer a matter of hazy and distant government financing; it is simply a business transaction on a no credit basis. They order a luxury and we farmers pay for it in spot cash. The gentlemen who constitute the council have not yet paid a cent for their seats for attending their sessions and draw their pay whether they possess great abilities, a railway pass or not. They dip down into our pockets and pay themselves a complete mileage. There is a clerk to record their transactions, and a treasurer to pay their bills. Reeves go to Belleville to attend county council are paid mileage, etc. Direct taxation is a good eye opener. A dollar can't be taken out of a man's pocket without his knowing it. No one can pretend that he does not pay. It captures the land every time, and means food, fuel, clothing, and shelter for the people that the people of Tyndinagosa have less money

### AN AWFUL DEED.

**VICTIMS BY THE SCORE—MANY SACRIFICED TO SATISFY GREED.**  
The excitement a few days ago among our residents was intense and every body seemed to be on the go and with a most determined effort to get away from harm. The centre of the excitement was Eggar's Drug store and Mr. W. D. Eggar, the proprietor, was the centre of attraction. The heretofore genial proprietor was surrounded by a bevy of ladies when he suddenly turned with a large pile of shreds in his hands and commenced to cut right and left among the hundreds of styles of wall papers. He cut and slashed, and served all alike. He made prices to suit the purses and sold the finest grades of paper at prices not reached by any competitor. Just call and see him if you have a room either parlor or kitchen to paper. He has everything for house cleaning purposes.

### LOCAL ITEMS.

Electric Bells, a new assortment at THE TRIBUNE office.

Carter & Northrup make an important announcement in their advertisement this week. Read it carefully. They mean business.

Mr. David Geddis, of West Winchester, delivered an address at the West End Mission last Sunday evening. The room was crowded on the occasion.

A large number of popular story books will be offered during the next two weeks at THE TRIBUNE office at prices to suit the most exacting customers. Call at once and make your choice.

Mrs. M. Caldwell died at New Dublin, Ont., on Thursday, aged 63 years. The deceased was the mother of Mr. George Caldwell, of the Cedar Mills. He left Thursday evening for New Dublin.

Mrs. W. Daly, of Napanee, will give a solo at the L.O.O.F. anniversary service at the Methodist church on Sunday afternoon. The choir, assisted by Mrs. Yonmans and Mrs. L. H. Bennett, will render special music.

Mr. and Mrs. E. W. Rathbun left by the 4:30 p.m. train for England last Saturday, going by special car to New York, via Toronto and Suspension Bridge. They sailed from New York Tuesday morning by the S.S. Travle, of the North German Lloyd line.

The weather has been very wet, chilly and backward. Last Friday and Saturday there was heavy rain and during the week there were passing showers. Yesterday a storm set in from the southwest and there was more rain. It has caused the grass to spring up very little. Farmers are much discouraged as everything is a standstill in their line.

### METHODIST CHURCH.

Next Sunday the annual contribution in aid of the general mission fund will be taken up at both morning and evening services. The pastor will preach in the morning and Rev. J. J. Rae, of the Western Church, Napanee, in the evening. This will be the last special collection for the year. It is a most interesting and important service, and it is gratifying to know that the finances in every department are in a very satisfactory condition.

Last Sunday evening, the Rev. A. Scrimshaw, a Central Ontario boy, but now in pastoral charge in the state of New York, occupied the pulpit at the Sunday school session with the school with his place on the occasion. Rev. J. J. Rae, of Napanee, is the preacher at the Oddfellows Anniversary, and it is understood that a large contingent of the fraternity from Napanee, etc., will be present at this service.

### THE BIG MILL.

The Big Mill commenced cutting on Monday, 24th, and everything is working well. During the winter all the machinery was overhauled and the final repairs made by the millwrights. The greatest change has been made in the boiler room which has been entirely altered. During the winter the walls of the building were raised about ten feet higher. The old boilers formerly in use were all removed and have been replaced by new steel tubular boilers capable of carrying working pressure of one hundred pounds to the square inch. These new boilers and their settings are built to the standard adopted by the Rathbun Company which, as we believe, is only maintained by this Company in Canada. The system of feeding the fuel into the furnaces of these boilers is regulated by slide valves controlled by the firemen, and appliances are now being prepared, and will be ready in a few days, for automatically feeding all the waste cuttings, shavings, etc., from the wood working factories. This method will in great measure supersede the handling of wood as in former years. By the time the workmen have the steam pipes covered with non-conducting material and the walls and other parts painted, the boiler equipment of this great establishment will not be excelled in the Dominion. The Company expects to be able to furnish sufficient steam from this set of boilers not only to run the Big Mill with all its engines, but also at the same time to supply all the plant now run by the five boilers in the machine shop. The engine room has also undergone an entire alteration, and is fitted out in keeping with the changes made in the boiler room. It has been thoroughly cleaned, painted and scoured throughout, and is now a very attractive room, which the engineers in charge will take pride in keeping neat and bright. The Rathbun Company have spared no expense in making all these improvements and it is hoped that they will be repaid for their outlay.

### ST. MARK'S CHURCH NOTES.

The regular monthly meeting of the Women's Auxiliary to Missions will be held tomorrow afternoon at the rectory when delegates will be elected by ballot to attend the annual Diocesan convention which this year meets in Kingston.

At the adjourned vestry meeting Messrs. Geo. Field and E. T. Miller were elected to act on the finance committee.

Last Tuesday was the festival of the Patron Saint, the evangelist and martyr St. Mark. He is mentioned in the Acts XII, 12 as "John whose surname was Mark." He was an uncle of close intimacy with St. Peter, by whom he was thought to have been converted to Christianity from the latter calling him "Marcus my son." He founded the Church of Alexandria in Egypt.

Next Sunday is the fourth Sunday after Easter, and the eve of the festival of St. Philip and St. James. May 1st. St. Philip was one of the first called by our Lord. He was put to death at Hierapolis in Phrygia. St. James "the less" the son of Alphaeus, was a kinsman of our blessed Lord. It may have been from this affinity that he was elected by the other apostles to be the first Bishop of the church at Jerusalem, the duties of which high office he so zealously discharged, until his martyrdom, as to win the title of "James the Just."

The subject of the morning sermon last Sunday was the resurrection and ascension. In the evening the History of Balaam was considered.

### MARINE NOTES.

The steamers Ocean and Persia are expected next week.

The water in the St. Lawrence is higher this year than last.

It is not expected that the St. Lawrence river canals will open before May 1st.

Montreal harbor is clear of ice and all danger of a flood is at an end.

A new company called the International Navigation Company will run a line of steamers from Toronto to Montreal calling at Oswego, etc.

The new company is \$1,000,000. Several steamers have been purchased in New York.

The Pictou papers speak of Capt. Wm. Skilken, of the Deseronto, as a hustler.

Correct.

It transpires that the steamer Onoko has not broken the record with her big oil cargo. Last season the Fenimore Scholinger took out of Chicago 163,420 bushels of oats on one of her trips.

The schr. White Oak, which ran ashore with a load of coal at Nine Mile point, was towed off last Saturday. She is not injured to any great extent.

She will carry mails for the Belgian government between Ostend and Dover.

The VanAllen made her first trip up the bay on Monday night.

James Choppe, of Belleville, has been placing the buoys between Belleville and Trenton, carrying passengers.

The steamer Resolute, Capt. John Gowen, arrived in port on Monday.

At Villiers, nine miles from Hastings, an old man named Christopher Walker, 75 years of age, was found hanging by a rope in his abode. A handkerchief was noticed floating from his face, and as the old man had a toothache, it was thought he would hang himself when he was going to die, the handkerchief was taken as the death signal and so it proved to be. Walker was well to do and very eccentric.

### VISITING ODDFELLOWS.

On Wednesday evening about thirty members of Kingston lodge, L.O.O.F., paid a fraternal visit to Deseronto lodge, No. 102, for the purpose of working the degrees of the order. The visitors arrived at the evening mail train, being met at the station by a number of Deseronto brethren, and were escorted to the Foresters' hall, where the work was to take place. The visitors were met by the Deseronto lodge members, who were met and escorted to the hall. Noble Grand L. Coppine opened the lodge, when Mr. G. A. Cole, in a neat speech, welcomed the visitors. The officers vacated their chairs, which were then filled by Noble Grand W. Burke and other officers of Kingston lodge. The initiatory degree was exemplified, when four candidates presented themselves for the first, second and third degrees. The complete paraphernalia of Kingston lodge was used, and the ample floor space gave the visitors an opportunity to present the degree in a most satisfactory manner to the large number present. The minute details of the work are carefully looked after by the Deseronto lodge, and the work has been made a special study, so that no good effect that can be secured is lost. The work was not completed until after eleven o'clock, when the visitors were conducted back to the Deseronto house, where over one hundred sat down to an enjoyable repast, to which ample justice was done.

Mr. R. N. Irvine was in charge at this stage of the proceedings, and proposed the toast of the Queen, which was received with standing. Mr. Irvine welcomed the visitors and expressed much pleasure in meeting them, expressing much benefit to all after witnessing the work of the evening. District Deputy Grand Master A. T. Smith responded on behalf of the visitors and assured them present that Kingston brethren enjoyed helping sister lodges as far as they were able, and believed in spreading the work so well established.

Past Grand, A. A. Richardson added words of welcome and was highly gratified with the work as presented and the good cheer of all present. Alderman R. F. Elliott, of Kingston, was well paid for coming, and returned the thanks of the visitors for the hospitality shown during the evening, assuring those present that they would be welcomed to Kingston at any time.

Mr. H. Aylworth, in his usual pleasing way, sang "We've all been there before," and "The Olden Days." Mr. G. W. Wright, with good effect, sang "Monks of Old." Mr. P. C. Folwell, of the Commercial Travelers' Association, presented and voiced the sentiment of previous speakers in the good cheer of the evening. Deputy A. T. Smith, who only sings once in five years, begged indulgence, as he had sung a few months since. The representative of THE TRIBUNE made the usual observations of the press on such occasions. "God Save the Queen" was sung, when at a very late hour the visitors were escorted to the train. The entire evening was spent by all present in an exceedingly enjoyable manner, all expressing a desire to meet the royal brethren again at an early date.

Kingston lodge officers as follows were among the delegation: N. G. W. Burke; V. G. W. Fattner; Per. Sec. W. G. Sanders; Treas. H. B. Hinds; organist, W. Seed; Past Grand, J. Bullis; G. Lee; J. McWaters; and D. D. G. M., A. T. Smith.

### TOWN COUNCIL.

The regular monthly meeting of the council was held last week, Thursday evening. The following members were present: Mayor, E. W. Rathbun; Reeve, R. J. Newton; Deputy Reeve, H. B. Rathbun; Councilors, A. A. Richardson, Geo. Farnham, J. Geddis, Wm. Evans, N. Love, and J. Chalmers.

Communications were read from deputy-reeve Rathbun tendering his resignation on the Finance committee, and from the Mayor, E. W. Rathbun, tendering his resignation on the Printing committee; from Mr. W. R. Aylworth offering to prepare a registry plan of the town for \$240; from Board of Health asking for \$130 for use of the Board, as required from the Dominion Alliance, asking the council to take action instructing the Provincial Legislature to prepare a bill to present to the voters in the province; from twenty-nine rate-payers asking that assistance be granted to a ferry running from Deseronto to North Fredericksburg; from the Ottawa Board of Health asking cooperation in influencing the Provincial Legislature to empower municipalities to issue debentures without calling for the consent of rate-payers, for the erection of contagious hospitals and their equipments.

The resignation of deputy-reeve Rathbun on committees was accepted.

The registry plan of the town was deferred as it was thought unwise to act in the matter until the recently acquired land had been surveyed and laid out into streets and lots, and the matter was referred to the Town Property committee.

The request of the Board of Health, for \$1,200, was granted.

The council sanctioned the request of the Ottawa Board of Health asking for special legislation.

The petition of the rate-payers asking aid to a ferry was laid on the table until the next meeting.

The By-law committee was given more time in which to prepare a by-law regulating the keeping of pigs in prescribed districts in the town.

A resolution on the billiard license, to Mr. Wm. Hatch, of last year for two months was granted.

The committee on Town Property reported regarding the hydrants now on the streets and recommended the payment of \$80 per year per hydrant and asked that the same be extended to the High school, west, and the Methodist church, east. The recommendation was adopted.

The Streets committee presented a bill for work done and material used on the streets, which were ordered paid.

The School Board were granted the privilege of placing signs in the Town Hall, for the use of the primary department, until the proposed additions could be made to the school building.

The Collector was given more time in which to complete the collection of taxes, and was granted \$10 to reimburse him for expenses in connection with collections.

The Board of Health reported the refusal of Mr. R. Cronk to act on the Board of Health, and Mr. L. A. Foster was appointed to act in that capacity.

Reeve Newton was appointed on the Finance committee and Legislation by-law and Printing committee in place of deputy-reeve Rathbun, resigned.

The council then adjourned until the third Thursday in May.
